

Why is attending the SCTEM Conference valuable for a travel or expense manager?

“I had the opportunity to attend SCTEM last year for the first time. Attending SCTEM provided the unique opportunity to work one on one with experts in the Travel field and experienced University staff who are tasked with Travel responsibility at their institutions.”

- ✓ Network with industry peers
- ✓ Gain additional insight into collegiate T&E best practices
- ✓ Expand relationships with current vendors
- ✓ Engage with prospective suppliers
- ✓ Educate suppliers on services, policies, and trends
- ✓ Join the collegiate community in solving challenges
- ✓ The ONLY conference of it's kind, providing an intimate setting for engaging with higher education

This conference allowed my team the opportunity to learn about emerging technology, tap into the “pulse” of both Higher Ed and the travel industry. I was able to share and discuss both best practices and challenges from other institutions. The networking opportunities allowed me to create good, reciprocal relationships with my peers. I left the conference both inspired and motivated to better the travel program at Gonzaga University. We will be back!

-Linda Wilson, Gonzaga University, Finance Systems & Services Manager
